Mondopad

The all-in-one touchscreen collaboration system for video conferencing, whiteboarding, data sharing, and more

Work Better Together

In-room and remote visual collaboration made easy

InFocus Mondopad elegantly blends video calling, whiteboarding and more into one giant touchscreen PC for efficient face-to-face collaboration with people in any location.

Bridge communication gaps, strengthen teams, capture & share information, train more effectively, and save time and money. You'll never want to meet without it.

Key Features

- Big, bright touch display everyone in the room can see
- Choose sharp 4K or 1080p HD resolution
- Native HD video calling and data sharing that's crystal clear
- Interactive whiteboard and on-screen annotation
- BYOD-friendly to connect & share with any device
- Built on a fast & flexible i7-based Windows PC
- Wireless keyboard and mouse included

Mondopad Ultra for Performance & Precision

Our premium Mondopad Ultra series offers high performance collaboration tools to meet the exacting needs of business and enterprise. Mondopad Ultra features vivid 4K resolution for an incredibly sharp picture, and our most powerful processor for high demand applications and information security. Connect global enterprise infrastructures and employees, and make every meeting or presentation more effective and engaging with Mondopad Ultra.

- 4K resolution offers more detail & more depth for amazing life-like images
- Built on a powerful Intel Core i7-6700T processor and Q170 chipset with Intel vPro™ technology
- 256 GB solid state hard drive
- Choose an 80" (INF8022) or 85" (INF8521) model

See faces and content side by side with dual-stream video conferencing capabilities. You can even split them onto a second touch display — one display shows participants' faces while the other shows content.

"The way InFocus enables our agency to clearly connect with one another face to face, from our six different locations throughout the world, helps us to be more cohesive and builds more trusting teammate relationships, resulting in better work."

—Gabe Winslow, Partner, Sq1

Video Connect to the World

Instantly bring people together from anywhere in the world to visually collaborate on the same content and do better work in less time.

InFocus video calling service is included for the first year, so you can make and receive video calls right away – or add your own video conferencing client onto Mondopad as you would on any other PC.

Have instant 4-way conversations on a Mondopad when you upgrade to InFocus 121 Premium video calling service.

Bring up to 25 people together with InFocus' cloud-based ConX Video Meeting service. Users can connect from other Mondopads, ConX Walls, PCs, Macs, tablets or smartphones.

Interactive Whiteboard

Stop taking pictures of your stained, old-fashioned whiteboard and step up to the digital Mondopad. Brainstorm, capture, and share your ideas on an interactive whiteboard without borders or barriers.
- Capture, save, and email whiteboard notes directly from the Mondopad
- Create a whiteboard on a canvas up to 100 display screens in size
- Paste backgrounds and images onto a whiteboard and annotate on top
- Write or draw with a complete collection of digital pens, shapes, lines, and colors

View, Annotate, and Share

Never lose an idea. Quickly and easily take notes on any-thing you're presenting and then save the changes.

- Use the same whiteboard tools to mark-up whatever you're presenting:
  - Documents, presentations, spreadsheets, images, etc.
  - Web pages
  - Videos
- Save your notes as an image and email it directly from the Mondopad
- Manage common or secure files accessed by email, office network, USB drives, and cloud-based services like Dropbox

"With the unique ability of the Mondopad to draw and annotate, our personnel in their respective classrooms can see anything the instructor is talking about."

—Mike Heimbecker, Fire Inspector, Addison Fire Protection District

Bring Your Own Device

Participants can securely connect and share content with Mondopad from PCs, Macs, tablets or smartphones – making meetings more collaborative, productive and sustainable.

- Cast your device's screen to the Mondopad
- View up to four AirPlay or Chrome casts simultaneously
- Control the Mondopad with your device from anywhere in the room—advance slides, browse the web, annotate
- See what's being presented on the Mondopad from your device
- People can also make video calls to your Mondopad from a PC, Mac, tablet or smartphone

Wide-angle HD camera and noise-cancelling microphone array accurately capture the sights and sounds of the room.

Speaker bars deliver clear voices and powerful multimedia to the whole room.
